Certification Guidelines for Using the Professional Title „Music Therapist DMtG”

Preamble

The present guidelines contain implementary regulations for the granting of the certificate "Music Therapist DMtG", which were coordinated with training supervisors in public and private music therapy education (AMA/SAMT). The basis for this is § 9, paragraph 2, p. 2 of the DMtG statutes: "The professional advisory board awards the professional title "Music Therapist DMtG" to qualified trained music therapists as a seal of quality in accordance with the rules of procedure that specifically define quality characteristics, to be issued in cooperation with the assembly of delegates."

§ 1 Purview

Certification is carried out by the professional advisory board in accordance with § 9 of the statutes of the DMtG. Members of the DMtG are eligible to apply.

§ 2 Use of the Professional Title

After the successful completion of the certification process and positive notification, the member is entitled to use the professional title "Music Therapist DMtG" as a seal of quality. Proof can be furnished via the certificate of the association and the digital member stamp. This will be sent to the certified member once per calendar year.

If the certification/recertification requirements are no longer met or if an application for re-certification is not submitted, the title may no longer be used and the digital stamp will no longer be sent. Non-members and non-certified members of the society are not entitled to use the professional title "Music Therapist DMtG".

Infringements will be prosecuted by the committees of the society as well as under civil and/or criminal law.

§ 3 Scope of the Certification Procedure

The certification process includes, the review of requirements for certification (§ 5) or recertification (§ 6). The process begins upon receipt of an application from the member. After the information has been processed, the member receives notification of the results:

1. in cases of successful completion, issuance of the certificate stating its period of validity,
2. the annual delivery of a digital stamp to be used in all correspondence,
3. in cases in which the applicant does not meet the requirements for certification, notification of the negative decision of the board.
4. in cases of fulfilment of the requirements for recertification, issuance of the certificate stating its period of validity,
5. in cases of non-fulfilment of the requirements for recertification, notification of the negative decision of the board..

§ 4 Application Process

The certification and re-certification process requires the submission of a written application to the office of the society accompanied by the necessary documents of proof. Date of review shall be at the beginning of a quarter of each year.

The process of certification begins when proof of a completed, recognized training course has been received. The applicant receives a written confirmation that his application is being processed. The process of certification ends with the receipt of all additionally required documents of proof (minimum length of professional experience, Code of Ethics). After the receipt and review of all documents, the decision regarding certification/recertification is made.

§ 5 Certification Requirements

The certification requires the fulfilment of and compliance with the following criteria:
